

Knowledge Mat Robins and Wrens Spring 2020 Traditional Tales—Dragons and Dinosaurs

Speaking and Listening

I will talk about what I have done over The Christmas holidays and listen to what my friends have done. I will continue to share news throughout the term and listen to other peoples experiences.

I will ask questions to find out more and answer questions asked by my teachers and peers.

I will speak clearly and show good listening and turn taking skills.

Expressive Art and Design

Our immersion area will be turning into different Traditional tale settings with different characters arriving throughout the term. We will be making animals, plants and trees to decorate our immersion area using different materials and textures throughout the term.

In our creative area we exploring colour mixing and focusing on using the correct colour for what we draw and paint.

In music we will be listening and responding to different styles of music, listening to and learning to sing nursery rhymes and action songs and playing instruments as an accompaniment to the songs we learn.

Understanding the World

As part of our topic work we will be looking at different animals and their habitats based on our stories and the settings, We are setting up a growing area outside and we will be focusing on plants. We will be planting seeds and growing our own vegetables and flowers. We will be observing the change over time and we will take responsibility to look after the plants.

We will be visiting forest school and consolidating our maths work using the natural resources available

Physical Development

Please ensure your child has a PE kit in school every-day. All children need shorts ,a t-shirt and a pair of P.E.pumps.

This term our P.E. focus is gymnastics. We will be look at good practice with regards to exercise. Also looking at transporting equipment safely and managing risks.

The bikes will be out daily and different equipment for children to explore to build up balance and co-ordination. We will be focusing on pencil grips and gaining control of different tools

Technology

Children will continue to talk about the technology that I use at home.

I will use technology to retrieve information and to practise skills for both maths and reading.

Don't forget to keep us updated on your child's experiences on Twitter. Twitter feed. @BHCoort2526

We will also be adding to our Twitter through the term as a class and to let you know about upcoming events in school.
